

CAPABILITIES STATEMENT

About Us

ISA was created to provide intelligent solutions to assist in maintaining and strengthening the economy and capabilities of the United States of America. Our emphasis is to provide opportunities to underserved communities, Minorities, Veterans, and the disabled. We believe that America's greatest potential lies within its underutilized assets. We have assembled an alliance of experts in key fields united under a common purpose. Our technological foundation allows us to efficiently and consistently exceed expectations. Forward Thinking; Results Driven; Job Well-Done
